### TRD-A81 Wax Transfer Paper

**Product:** Wax crayons Transfer Paper

**Description:** with wax crayons, Oil pastels etc. design and make transfer for any colored fabrics.

**Marker:** wax crayons, Oil pastels, Fluorescent markers, Color Pencil etc.

#### . Application

Dark wax crayons Transfer Paper became possible to wear transfers with wax crayons, Oil pastels, Fluorescent markers, Color Pencil. Colored wear invites children to design and personalize their favorite T-shirts or any colored fabric. Children like to show off their artwork. Once it's ironed on, the original artwork is simple and easy to transfer to a T-shirt. The colors are retained. The products in this series are a color 'n wear tee shirt kit with iron-on paper, a large T-shirt, and washable markers. There is also a starter kit, party pack, and a mouse pad kit. These are great projects for creative fun for the summer- time or any time. This product is recommended with wax crayons, Oil pastels, Fluorescent markers, Color Pencil etc. for T-shirts, aprons, gift bags, mouse pads, wool garment, photographs on quilts etc.

#### 2. Advantage

- \* Create your very own design with maker for painting.
- \* Designed for vivid results on white or light-colored, dark colored cotton or cotton/polyester blend fabrics
- \* Ideal for personalizing t-shirts, canvas bags, aprons, gift bags, wool garment, mouse pads etc.
- \* Iron on with a regular household iron

#### 3. Iron-on Transfer Processing

- Prepare a stable, heat-resistant surface suitable for ironing on.
- Preheat the household iron to the cotton setting.
- Briefly iron the fabric to ensure that it is completely smooth.
- After the image printing, cut outer edge of image with knife (for shirts, tote bags, etc).
- Peel off the top layer of transfer paper onto fabric with the printed image facing upwards.
- places the [grease proof paper](#) onto it.

G. Do not use the steam function. Make sure that the heat is evenly transferred over the entire area. Iron the transfer paper, applying normal pressure. When moving the iron, less pressure should be given. Don't forget the corners and edges.

H. Continue ironing until you have completely traced the sides of the image. This entire process should take about 60-70 seconds for an 8"x 10" image surface.

I. Peel the greasy proof paper starting at the corner after the ironing process.

J. It is possible to use the greasy proof paper five times or more, if there are no ink arrears left on it.

## . Washing Instructions

Wash inside out in COLD WATER. DO NOT USE BLEACH. Place into the dryer or do hang to dry immediately. Do not iron the shirt's image surface again.

## 5. Material Storage

conditions of 35-65% Relative Humidity and at a temperature of 10-30°C.
